Perceived as a liberal spender, he merits a badge of political courage for acknowledging that the next President will have to seek more unpopular spending cuts and tax increases. The plan the Democratic candidate outlined yesterday isn't perfect, but that's a small failing compared with President Reagan's failure to propose any plan at all.	False		1984-09-12	TX 1-422148

When that happens, many of them head for a sidewalk cart-vendor and lunch on the run - hotdogs, souvlaki, steak sandwiches, ice cream and the like. But after Oct. 1, workers in mid-Manhattan and busy sections of Brooklyn and Queens will have to forgo falafel alfresco. That's when a ban on sidewalk food stands and carts goes into effect. The problem is people not voting. The dismal turnout for Tuesday's primary can't be explained away just because it was a quiet election. Then What? Walter Mondale thinks it's "pretty pathetic" that President Reagan's first encounter with a Soviet leader will be with Deputy Premier Andrei Gromyko and not the top man, Konstantin Chernenko. What's really pathetic is that there's any fuss being made about this meeting. How can a photo with Mr. Gromyko prove the President's desire for arms control? Now it should be read as a euphemism for official cruelty. A forthright new report by the American Psychiatric Association makes that clear - and belatedly underlines the heavy obligation of state officials to do something about it. New York, which led the deinstitutionalization movement, should be among the first to take responsibility for correcting its failure.	False		1984-09-20	TX 1-422111

The reduction sought, from 25 to 20 percent of the American market, should be enough to silence union and industry criticism of the Administration, undercutting Walter Mondale's appeal in the Rust Belt. Yet the choice of flexible, "voluntary" curbs on countries accused of unfair competition is likely to diffuse the criticism of U.S. consumers of steel who oppose formal import quotas. The casus belli was a tight cap on New York's sewage effluent proposed by Representative James Howard of New Jersey. Resolution was achieved when Mr. Howard consented to make the cap no tighter than the city could wear without a headache. Why would Mr. Howard want to give the city a headache? New York, to its shame, daily dumps 220 million gallons of raw sewage into the Hudson and East Rivers. But it has two big sewage treatment plants under construction, due to come on line in 1986 and 1987. Perhaps Mr. Howard feared the schedule would slip, as it has twice already. But construction is now six months ahead of schedule. He's agreed that sewage doesn't have to be limited until the date the plants are meant to open.	False		1984-09-24	TX 1-425909

As the Narrator of Her Latest Novel Might Coolly Say, of Course." the Marriage Ended, As Does That of Janet, One of theSuperior Women" In Her Book. But Miss Adams Said She Herself Was More Like Megan, Another of the Novel'S Characters -With Enormous Differences. I Was A Great Deal More Guilty and Less Free." What About Friendships Among Women, One of the Book'S Themes?I Think Women Know How To Be Friends. That'S What Saves Our Lives, Miss Adams Said From Her san Francisco Home, Which She Shares With A Man She Has Lived With For 20 Years. And Men?I Often Think They Don'T Really Have Friends. For A Long Time They Weren'T Supposed To Be Open With One Another." An Almost Automatic Discrimination Against Women, Blacks, Jews and Homosexuals Is Another Theme In the Novel, and Miss Adams Said She Wrote About ItMore In Historic Than Political Terms. Coming To Radcliffe In the 40'S, This Was What Was Going On. Discrimination Was Such An Incredibly Important Part of That Time Span." Since Many of Her Characters Suffer Considerably, Is the Novel'S Pastoral Ending With Its Idealized Commune, Her Gift To Them and Perhaps Herself? A Lot of the End Is Almost Too Unreal,She Allowed.It Is A Longed- For Condition."	1984-09-26	TX 1-422623

He said, correctly, that they had not reduced nuclear arms, only channeled them in certain directions. He also argued, wrongly, that this left the United States in imminent danger of a fatal vulnerability. So he set out not only to correct a perceived imbalance but to run an arms race that would force the Russians to beg for relief.	False		1984-09-26	TX 1-424512

It means legislation must start all over again next year. There's no chance, for instance, that Congress can finish a big bill to rewrite Federal banking regulation. The Simpson-Mazzoli immigration reform bill, which died in the 97th Congress, may yet cross the finish line in time and do honor to the 98th. If not, it too will have to begin again. Prison expansion plans are on schedule with more than enough new cells opening elsewhere to accommodate the 500 prisoners there. But it's still a troubling decision. But most private charities actually enjoy an interdependent partnership with government that has flourished for a century. Reduced government spending therefore leaves many of their clients in the lurch. That disturbing point is well made in a new study from the Urban Institute, a Washington-based research group. When he announced his intention to resign last week, some admirers were inclined to hope he finds many difficult problems in his next incarnation, since he seems to function best when dealing with them. As budget director of New York State, a post he held throughout most of New York City's fiscal cliff-hanging, Mr. Goldmark managed Albany's own expenditures so efficiently that it was able to stretch resources to aid the city without fatally endangering itself. That makes it especially important to bear in mind the obligation of the prosecution to prove its charges beyond a reasonable doubt. It's a burden too often forgotten in the court of public opinion, especially when a grand jury accuses such a prominent official at the climax of an election campaign.	False		1984-10-09	TX 1-436392

A Federal court ruled that the state's tiny municipal utilities, which already take a fifth of all the hydropower, had a valid claim to even more. The Legislature, eager to avoid a controversial issue, cited that decision as an excuse to postpone debate of a much more equitable distribution plan endorsed by Governor Cuomo. They know they're apt to be ankle-deep in trash. That smoke and fire are a constant worry. That the map on the wall will be obscured by graffiti. They also know better than to expect anything better. But better exists, in the form of a 10- car train called Snow White. Snow White is the chef d'oeuvre of the cleaning crews at the 242d Street subway yard. Determined to show New York what a lot of elbow grease can do, they've turned a dirty train into a monument to soap, brooms, paint and polish. Show White's been running for six weeks now, and is still clean. The passengers, one worker says, "have more respect for it." If the rest of the cars got comparable attention, they'd probably get more respect, too. Now, Robert Kiley, the M.T.A.'s chairman, promises that they will. He proposes hiring 300 new car cleaners, enough to keep about a third of the subway system's cars graffiti-free. He also promises a start on cleaner stations.	False		1984-10-10	TX 1-451189
